SUBJECT: SFY14 CFC Monthly Monitoring for CFC – July thru March 2014

Attached please find the SFY14 monthly monitoring report that includes expenditure data on the TBI program paid by DDAIL through March 31, 2014.

Overview

SFY13 Base Appropriation	\$201,240,298
LTC \$174,812,768, ACUTE \$26,427,530	
SFY14 UPS and DOWNS	\$ 134,735
LTC \$946,840, ACUTE (\$812,105)	
SFY13 Carry-forward spoken for in the SFY14 budget	\$ 1,729,979
SFY13 Carry-forward not tied to obligations	\$ 6,005,391
Less: Already approved reinvestments	
a. Nutrition (\$210,000 GF uses \$482,094 Gross)	\$ (482,094)
b. HASS \$50,505 Gross	\$ (50,505)
Medicaid Bump Amount for CFC	
a. LTC Portion	\$ 1,128,640
b. Acute Care Portion	\$ 496,028
SFY14 BAA for Acute Care	\$ 208,452
Total SFY14 Plan	\$210,410,924
By Category	
Moderate Needs	\$ 4,141,898
H&CB	\$ 62,567,367
Nursing Home	\$117,381,754
Acute	\$ 26,319,905
Total SFY14 Plan	\$210,410,924

The Long Term Care portion of the Choices for Care budget is under budget by (\$4,729,911) thru March.

*****NOTE:** All of the carry forward funds from SFY13 are in the budget above and have stayed in the program. With current expense to budget actuals thru March 2014 we are only 3.44% under budget in LTC. To analyze this further, there is \$5,472,792 of SFY13 carry forward funds in the base budget, or approximately \$456K a month. Through 9 months the carry forward funds in the budget would be \$4,104,000 (\$456K x 9 months) since the goal is to set carry forward aside for reinvestments & reserve the LTC base budget is only under budget by \$625,317 (\$4,729,911 less \$4,104,000= \$625,911) this equates to LTC base budget being under budget by .47% - this is a very small budget variance to avoid a State imposed waiting list for individuals with moderate and high needs due to financial reasons. This small over budget amount would be covered by the reserve portion of the carry forward funds. The reason the State would have to impose a waiting list on individuals with moderate needs as well as to individuals with High Needs is described below:

CMS Terms and Conditions governing Choices for Care demonstration waiver states that:

"19. Prioritization of Enrollment. Medicaid eligibles in the Moderate Need group must be served prior to expansion eligibles.

"Should a waiting list for long-term care services develop, the State agrees that individuals entitled to long-term care services will be enrolled in the long-term care program before persons with lighter care need, according to a prioritization process described in the Operational Protocol. Specifically, participants receiving services currently will continue to receive services before participants and applicants in the Highest Need group; participants and applicants in the Highest Need group will receive services before participants and applicants in the High Need groups; and participants and applicants in the High Need group will receive services before participants and applicants in the Moderate Need group".

The acute care portion of the Choices for Care budget is over plan thru March by \$878,921.

Nursing Homes

Nursing Home expenditures are over plan thru March by 1.15% or \$1,011,732. Nursing Home Days are over plan thru March as well by 2.08% or 9,903 days. Nursing Home expenses from one month to another already this year have varied by over \$2.3 million dollars. The plan for the Nursing Home budget line included an estimate of a 2.5% reduction in Medicaid Days from the previous year thus giving more funds to the H&CB line of the budget (this is managed as one overall budget). Due to Nursing Home budget not saving the 2.5% as in previous years I partially reversed an adjustment I had made in earlier monthly budget tracking between Nursing Home line and the H&CB line (as mentioned this is managed as one overall Long Term Care Budget) thus giving more funds to Nursing Home and Less to H&CB. There is still approx. \$3,572,565 left to move between these line items before the Nursing Home line is back original base budget, if necessary.

Moderate portion of the LTC 1115 Waiver

Active persons for the moderate group are 25 under plan (avg.) per month thru March. Expenditures thru March are under plan (plan now includes the approved reinvestment increases in provider allocations – increase added to budgets for the March thru June period) by \$306,121 on a cash basis. These services are capped but by date of service by provider. This portion of the CFC budget consists of the AAA's \$179,000 Adult Day providers \$2,044,745 and Homemaker program \$3,214,923.

HB portion of the LTC 1115 Waiver (which includes Highest, High, PACE, ERC and Money Follows the Person – note no PACE expenses since QE 6-13)

Expenditures thru March are 11.82% under what the plan could afford or by \$5,435,523. As noted in the Nursing Home section, an estimated reduction of Medicaid Bed Days from last year of 2.5% reduced the Nursing Home budget line and increased the H&CB budget line (managed as one Long Term Care budget). This trend will have to be watched and was adjusted last month. Active persons thru the month of March are 232 below what the appropriation could afford. There is no waitlist. Money Follows the Person expenses for the last 4 complete quarters total approx. \$1.5M or approximately \$375K per quarter.

TBI Waiver

TBI Active persons thru March are 3 over plan. Expenditures thru March are right on budget.
